by the Department of Environment and Natural Resources pushed the other agencies to join and share their people in accomplishing the project.

We, teachers love to make the environment clean and green through collaborative work...The simultaneous tree planting pushed through as re scheduled on December 20, 2019 and continued to nurture these plants at present. In our school at Nungnungan II E/S we did

Plant a tree, Plant a new Life. Nungnungan II Elementary School did their part in this big event not just in the province but a nationwide program. Due to calamities that attacked and been destructing () and areas of the country, the provincial government move to plant million of trees

in order to give remedies on flood occurrence during releases of water from the Magat river and even brought about by typhoons and tropical cyclones. The local government of Cauayan City headed

our part, we gather seedlings from private corporations who supports greening projects. It's our duty and responsibility to prepare our children's' future. The Teachers and Barangay officials joined the movement.
