

c. Technology  
Demonstration

c.1. Technology  
Demonstration  
National Rice  
Technology Forum  
(NRTF)

**DA-PLGU-MLGU & Private Hybrid Rice Seed Producing Companies and Fertilizer Companies Collaborative Project.** A strategy of the Department of Agriculture to intensify the efforts in increasing the yield and productivity of farmers and ensuring food sufficiency, availability, accessibility and affordability by showcasing the adoption of hybrid rice technology and best farming equipment.

Weekly field visitation and monitoring of the techno demo field was being conducted by the different stakeholders to observe for presence of pests infestation or disease occurrence. Farmers' class was also conducted after the field visitation. Different topics that were already discussed were the following:

- Nutrient Management
- Water Management
- Pest and Disease Management

c.2. Technology Demonstration on Direct Seeded Rice (DSR) in Irrigated Areas

c.3. Season-Long Farmers' Field School

**PLGU Funded. A collaborative project of PLGU and MLGU,** Establishment of Technology Demonstration showcasing Direct Seeded Rice with the use of drum seeder and also serve as the learning field.

**PLGU Funded. A collaborative project of PLGU and MLGU,** a combination of lectures and hands-on training to farmer-participants to enhance their capacity and farming practices. Those techno-demonstrations/learning

Established the Techno Demonstration field in Andarayan, Delfin Albano and Annanuman, San Pablo, Isabela. the demo field will also serve as the learning field of the Season-Long Farmers' Field School on Rice Production.

Facilitated weekly conduct of Agro Ecosystem Analysis (AESA) data processing and presentation of output by the farmer participants of the two (2) Farmers' Field School (FFS) site (Delfin Albano and San Pablo, Isabela). Continuous weekly monitoring of the two learning sites/techno demos

	<p>sites showcase the planting through direct seeding manually “sabog tanim” and using a drum seeder. Palay Check System with key checks are being observed and adopted in the initial growth stages of rice crop</p>	<p>Conduct lectures to the farmer participants, topics already discussed:</p> <ul style="list-style-type: none"> <li>• Overview of Palay Check System</li> <li>• How to conduct AESA</li> <li>• Growth Stages and Phases of a Rice Plant</li> <li>• Key checks 1, 2 and 3</li> </ul>   
<p>d. Monitoring of Palay Price</p>	<p>Data collection of prevailing price per kilo of palay from the different commercial centers</p>	<p>Dry:P18.16/kg Wet:P14.74/kg</p>
<p>e. Monitoring of Rice Planting &amp; Harvesting</p>	<p>Data collection on the status of rice planting and harvesting</p>	<p>Area Planted=1,546.15ha Area Harvested=7,891.94ha Production = 40,489.12mt Average Yield =5.13mt/ha</p>

<p><b>4. INTERVENING ACTIVITIES</b></p> <p>a. Attendance and participation to Meetings/Symposium</p> <p>b. Program/Project Coordination and validation</p> <p>c. Validation of Crop Damage</p>	<p>To keep abreast of the programs/projects</p> <p>For smooth implementation of program/ project</p>	<p>Participated in the City/ Municipal Agriculturist meeting. It was tackled during the said meeting, seed assistance program for the next cropping season (wet crop 2021). Also participated in the meeting with PhilRice about the Rice Competitiveness Enhancement Fund (RCEF) Seed Component Program and the 2020 RCEF Seed and Extension Program Annual Review and Assessment.</p> <p>Coordinated with the Municipal Agriculturist of Ramon and Alicia, Isabela for the conduct of Good Agricultural Practices (GAP) Training on Rice.</p> <p>Validated reported crop damaged due to insect pests. Conducted short technical briefing on how to control seed insect pest. Farmers use green insecticide for them to spray on their field.</p>  
--	--	--

**D. Validation and Assessment of Corn Damage Reports from LGUs for Fall Army Worm Infestation.**

A team validation with OPA, DA-RCPC of the City of Ilagan and affected LGU on the extent of corn damage due to Fall Army Worm Infestation.

Banana : Fruiting with sales of more or less 15,000.00  
 Pineapple : Affected by drought last WS 2020

**Site 2** : Annanuman, San Pablo, Isabela  
 Date of Planting : November 25-26, 2020  
 (poor germination due to continuous rain)

Corn Variety : NK-6410  
 Crop Stage  
 Corn : Harvestable Stage  
 Banana : Fruiting with sales of more or less 5,200.00  
 Pineapple : Affected by drought last WS 2020

Potential SCoPSA sites validation and scouting of potential SCoPSA adoptor for the incoming cropping season

**VALIDATED AREA INFESTED BY FALL ARMY WORM**

Municipality	Farm Location (barangay)	Growth Stage	Area Infested/ Affected and % Infestation	Total Area Treated (DA-RCPC provide insecticide for massive control )
<b>Delfin Albano</b>	San Patricio	Seedling/ Vegetative	35.0 FAW-12%	35.0

**G. Attended thru virtual the Barangay-Based Training of Trainers on Integrated Crop Management –Corn Based Farming System (ICM-CBFS) region wide by ATI-RTC San Mateo, Isabela**

The training aims to develop/enhance the knowledge, skills and attitude (KSA) of the participants on Integrated Crop Management- Corn Based Farming System

Corn AEW participants from LGUs in the province of Isabela attended the TOT as follows;

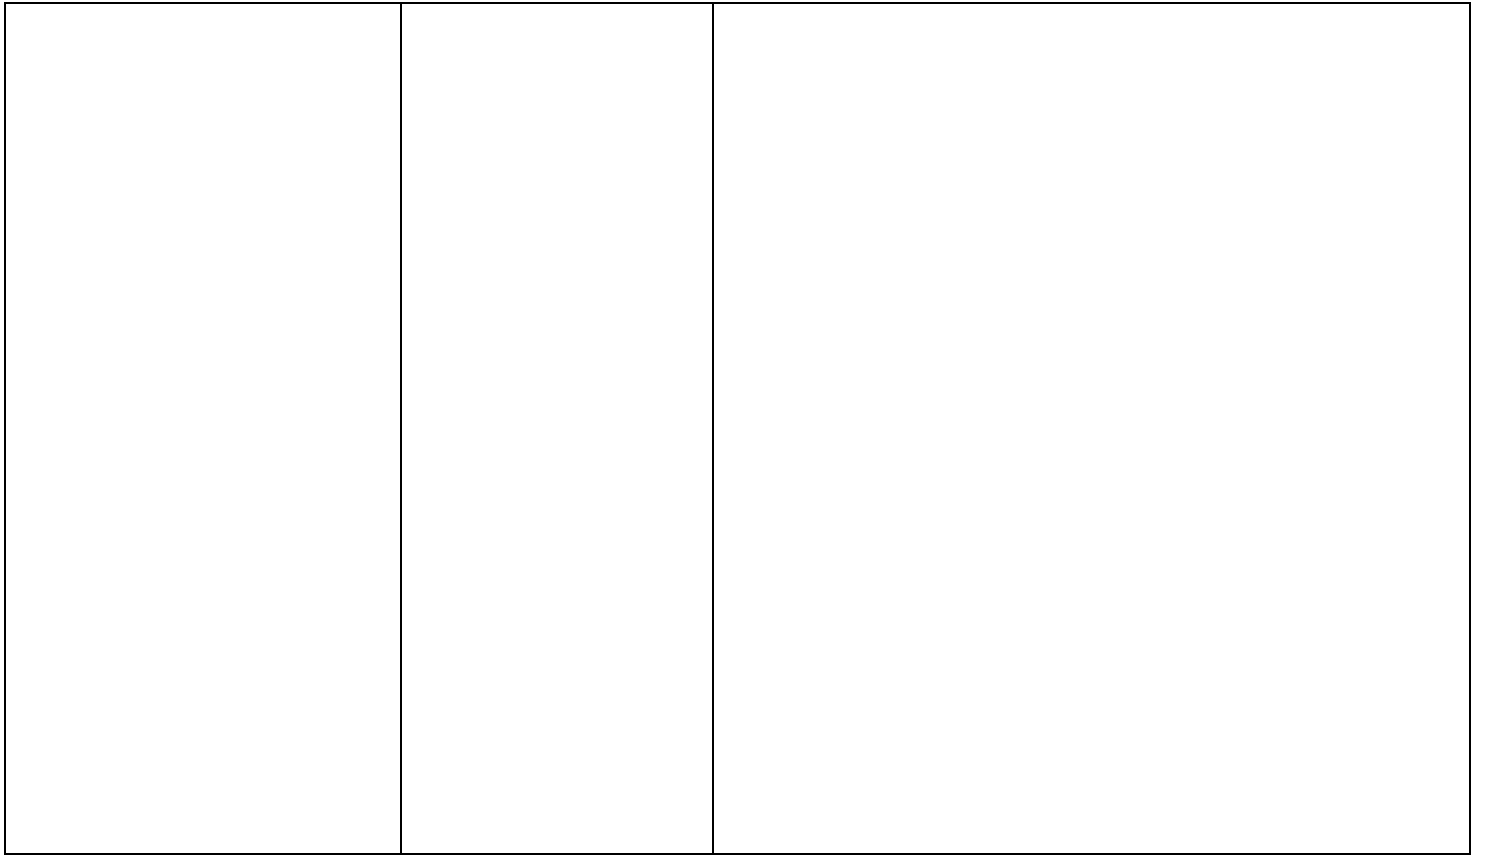

1. LGU TUMAUIINI
2. LGU DELFIN ALBANO
3. LGU GAMU
4. LGU ROXAS
5. LGU LUNA

**H. Attended the Training of Trainers on Field Exposure on Fall Army Worm Identification and Management region wide at DA-CVRC- San Felipe, City of Ilagan, Isabela**

To familiarize training participants in the Identification of FAW and its management, and to be knowledgeable on the assessment infestation rate for this pest.

Corn AEW participants region wide attended the TOT on FAW as follows:

1. OPA-ISABELA
2. OPA-CAGAYAN
3. OPA-QUIRINO
4. OPA-NUEVA VISCAYA
5. ATI-RTC –SAN MATEO, ISABELA
6. RCPC- ISABELA
7. DA-CVRC ISABELA
8. QES-QUIRINO PROVINCE
9. NCES- ABULUG, CAGAYAN
10. SCRC-IGUIG, CAGAYAN
11. NVES- NUEVA VISCAYA

Conducted Technical Briefing and distribution of AMO and Natural Fertilizer to corn farmers in the Municipality of Tumauni, held in barangay Moldero, Tumauni, Isabela on February 05, 2021 .

Assisted in the distribution of Cash and Food Subsidy Assistance to Marginalized Corn Farmers of Reina Mercedes, Luna, Echague, San Pablo and Ilagan and Benito Soliven, Isabela on February 04,09,17,18 and 19, 2021

Attended the Training of Trainers re: On field exposure on Fall Army Worms (FAW) Identification and Management conducted by Regional Crop Pest Management Center (DA-RCPMC) held in the DA-CVRC, San Felipe, City of Ilagan, Isabela on February 18-19, 2021

Worked with DA RCPC Staff re: Cutworm/FAW info drive and conduct massive spraying for its control in barangay San Antonio, Sta. Maria, Isabela and in the municipality of Tumauni and Delfin Albano, Isabela on February 2-3, 2021

PROGRAM/PROJECT/ACTIVITY	PROJECT DESCRIPTION	STATUS/REMARKS/ACCOMPLISHMENT
<p><b>III. HIGH VALUE COMMERCIAL CROPS DEVELOPMENT PROGRAM</b></p> <p>A. Operation and Maintenance of Provincial Nursery</p> <p>B. Monitoring of Planting and Harvesting</p> <p>C. Organization of Mango Growers</p> <p>D. Meetings/Trainings and Workshops attended</p>	<p><b>PLGU initiated.</b> Production of assorted vegetable seedlings for distribution to farmers.</p> <p><b>PLGU initiated.</b> Production of sexually propagated fruit trees.</p> <p>Data collection on status of planting and harvesting</p>	<p>Produced a total of 312,491 pieces assorted vegetable seedlings. Of which 312,491 were distributed to 251 farmer recipients and distributed assorted seeds to HVCC farmer groups.</p> <p>Distributed 26 pcs. of assorted fruit tree seedlings to 3 walk in clients and Maintenance of produced 1,500 pieces of assorted fruit tree seedlings.</p> <p>Monitored 2,855.96 hectares Planted with assorted vegetable within the whole province with an approximate yield of 31,415.56 metric tons.</p> <p>-Conducted and Facilitated in the second general assembly meeting of the Queen Isabela Mango Producers Cooperative (QIMPC) at Cauayan City, Isabela.</p>  <p>- Monitored and conducted of flower induction on mango farms in San Pablo, Cabagan, Naguilan, Cauayan City, Quirino, Tumauini and Roxas Isabela.</p>  

- Attend and facilitated in the conduct of consultative meeting re: revitalizing the operation of the Isabela Agri-Pinoy Trading Center (IAPTC) at Roxas, Isabela.

- Conducted trainings on Organic Agriculture, GAP on fruit trees and vegetables and vegetable seedling production.

- Conducted meeting re: organization of Banana Growers of Jones and San Agustin Isabela.

- Attended FY 2022-2027 Municipal Organic Agriculture Roadmap Workshop at DA- CVRC, San Fermin, City of Ilagan.

- Attended Seminar on Localized Climate Information Services at AMIA Climate Information Services and Learning Center at Sta. Victoria, City of Ilagan, Isabela.

E. Monitoring of Price

**PLGU Initiated.** Data collection on prevailing market price of assorted vegetables from different commercial trading centers in the province.

Average price per kilo of the following vegetables monitored for the month of January 2021.

- Ampalaya 80.00
- Eggplant 80.00
- Tomato 100.00
- Sitao 80.00
- Squash 45.00
- Pechay 30.00
- Okra 60.00

1.3. Monitoring of fingerling production and dispersal of government and private hatcheries

To serve as database on the status of operational fish hatcheries in the province

No. of Fish Hatcheries – 28  
 Area – 18.05  
 Production – 5,475,000 fingerlings  
 Municipalities covered – 1 (San Mateo)

No. of Fisherfolk : 194  
 No. of Fishcage Units: 1,591

1.4 . Updating of Fishcage Profile

To serve us database in fisheries

B. Support to other Fishery Programs and Projects

1. Social Amelioration Program (SAP)

To provide cash assistance and food subsidy to marginal farmers and fisherfolk

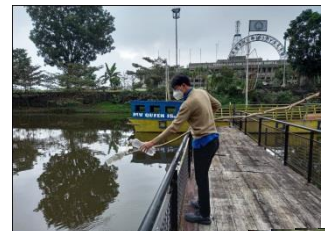

No. of fisherfolk beneficiaries – 172  
No. of municipalities/cities served – 5

2. Submission of Laboratory Analysis of Water Samples

To confer with BFAR Staff analysis on allowable limit for fish production

Analysis on heavy metals and E. coli  
Sampling sites:  
1 – Magat Reservoir (cage and landing site)  
2 – Capitol Lagoon and Permaculture  
3 – San Pablo Fish Farm and Kapayakan Lake  
Municipalities covered – 3  
(Ramon, San Mateo and San Pablo)

3. Hauling of Fingerlings at BFAR-NFFTC-Science City of Munoz, N.E.

Livelihood support to backyard fishpond project

No. of fingerlings dispersed (initial) – 186,000

No. of municipalities - 8

1. Echague-30,000 pcs
2. Naguilian-5,000 pcs.
3. Cauayan City-5,000 pcs.
4. Gamu-20,000 pcs
5. Gamu Agri-Fishery School-30,000 pcs.
6. Cabagan-5,000 pcs.
7. Santa Maria-50,000 pcs.
8. San Pablo-16,000 pcs.

4. Attendance to OPA-Planning and Staff Meeting

No. of Fishery staff attended – 5

5. Assisted in the preparation of Project Proposal on the Establishment of Fishery Satellite Station

To supplement additional fingerlings to government hatcheries in support to fingerling requirements of marginalized fisherfolk

No. of project proposal prepared- 1

PROGRAM/PROJECT/ACTIVITY	PROJECT DESCRIPTION	STATUS/REMARKS/ACCOMPLISHMENT
<p><b>V. AGRICULTURAL ENGINEERING PROGRAM DEVELOPMENT &amp; SERVICES</b></p> <p>1. Establishment of Isabela Grain Drying Center (IGDC) in Brgy. Minanga, San Mariano, Isabela</p>	<p>Grain Drying facilities operated by the Provincial Government of Isabela to help the farmers to increase the quality and add value for the produced.</p>	<ul style="list-style-type: none"> <li>✓ The Isabela Grain Drying Center (IGDC) located at Brgy. Minanga, San Mariano, Isabela were tested last February 1-2, 2021.</li> <li>✓ Program Of Work (POW) of water system for the three IGDC were already prepared.</li> <li>✓ Coordinated with the ISELCO I &amp; II regarding the billing of the three IGDCs.</li> </ul>  
<p>2. Solar Pump Irrigation Project Nursery 1 &amp; 2</p>	<p>Operation of Solar Powered Irrigation System for HVCC.</p>	<ul style="list-style-type: none"> <li>✓ Supervision and monitoring of established Solar Powered Irrigation System in Nursery 1 &amp; 2</li> <li>✓ Troubleshooting of pump controller and pipe fittings of the SPIS.</li> <li>✓ Pipes and fittings were already available and will be installed by second week of March.</li> </ul> 

3. Engineering Support to other commodities

- Attended weekly meeting/lecture for National Rice Technology Forum (NRTF)

Establishment of 100 hectares Hybrid and Inbred Rice Technology Demonstration located at Minante II, Cauayan City, Isabela to showcase the high yielding varieties of the different participating agencies.

- ✓ Conducted field visit to evaluate the status of their plants on their respective areas.
- ✓ Visited the way within the 100 has areas for the National Grand Field Day to be evaluated by the Rice Board last February 15, 2021.
- ✓ Attended meetings/planning with the rice board in preparation to the National Grand Field Day
- ✓ Attended weekly on-field meeting/lecture and
- ✓ issues and concerns of farmer cooperators and participating companies

- Survey on the proposed Access Road going to the Isabela Grain Drying Center at Cansan, Cabagan, Isabela

Surveyed the proposed access road using RTK together with the technical staff from Assessors Office and OPE

- ✓ The access road were already surveyed and the Site Development Plan were already submitted to PGSO for evaluation before submitting to the Department of Agrarian Reform for evaluation.

- Attended the Resource Person Development Course on the Operation and Maintenance of Farm Machineries at PHilMEch, Science City of Muñoz, Nueva Ecija.

Enhanced the technical knowledge regarding the operation and maintenance of rice farm machineries

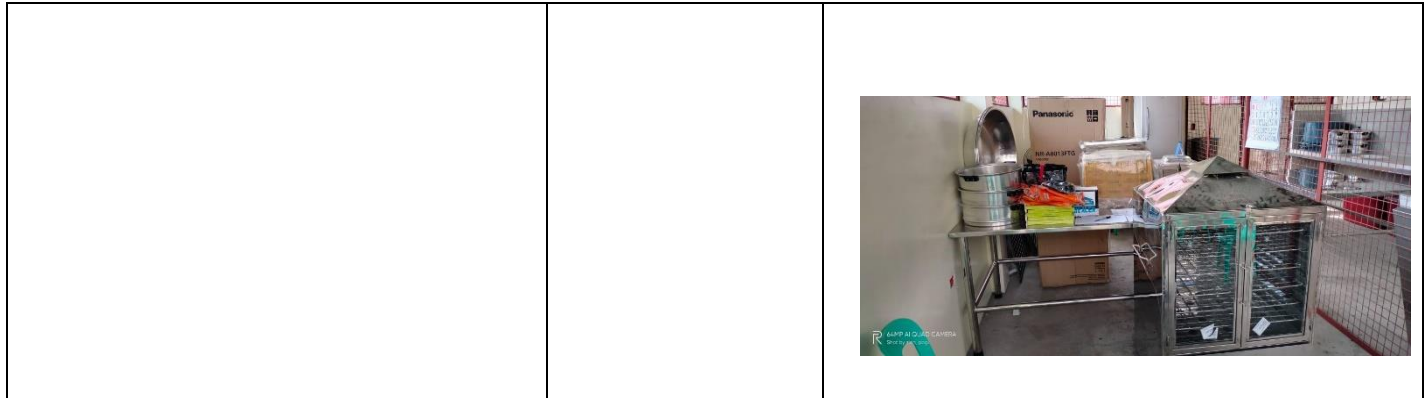

- ✓ The trained resource person will serve as regional/provincial network of PHilmech in conducting Training on Operation and Maintenance of Rice Farm Machineries to different FCA beneficiaries under the RCEF program.

PROGRAM/PROJECT/ACTIVITY	PROJECT DESCRIPTION	STATUS/REMARKS/ ACCOMPLISHMENT
<b>VI. Farm and Home Resource and Management Services</b>		
1. Registration/ Formation and Strengthening of Women RIC Organization	Empowerment of rural women towards agricultural development	<p>Consolidated submitted registration/enrollment of Rural Improvement Club:</p> <p>Gamu No. of Clubs: 9 No. of Barangays: 9 Total Membership: 249</p> <p>Delfin Albano No. of Clubs: 25 No. of Barangays: 25 Total Membership: 1,218</p>
2. Monitoring of Livelihood Support/Assistance Project	To assist/ provide technical assistance to RIC officers in the packaging and implementation of programs and projects	<p>Supervised RICs existing livelihood projects in Cordon, Isabela with Mun. RIC Coordinator Ms. Melanie Sinense of their eco bag, curtains, rags, beads making and pillow case weaving projects .Other projects visited were their Purok projects and vegetable production of the members for its project sustainability.</p>   

		<p>Supervised the newly stocked backyard fishpond project of RIC Linglingay in Gamu, Isabela and their existing livelihood vegetable production and sasso chicken project together with Ms, Marie Francilyn Tanjusay- Municipal RIC Coordinator and Ms. Imelda Bangloy- RIC president.</p>  
--	--	---

<p><b>3. Awarding of Post Harvest Utensils initiated by BFAR-02</b></p>		<p>Facilitated in the awarding of Post-harvest equipment/utensils to the RIC Members of Mabini, Gamu, Isabela where funded by BFAR 02 headed by Mr .Emerson S. Tattao-PFO Isabela, Ms. Arlene Asuncion of the Post harvest division BFAR Region 02, Presents during the awarding were, Mr. Exiquiel Tabin-MAO Gamu Mr. Glimerson Laverinto- Brgy. Captain &amp; Officials. Mrs. Helen Laverinto-RIC president and its RIC members also gave their all out support and thankful for the utensils and equipment awarded to them for surely a big help to their livelihood project. MOA signing was also undertaken between the RIC organization ,the LGU's and the BFAR entering into an agreement regarding the establishment and and implementation of the project.</p> 
---	--	--

4. Conducted profiling and inventory of Mushroom producers in the province (RIC)

Supervised the project on mushroom production of Ms. Lourdez Aurelio of Brgy. San Juan Echaque , Isabela. According to Ms. Aurelio she can produce maximum 2,500 fruiting bags in her project and out of her harvest on mushroom she already made process products such as burger, patties, shanghai and cake. With these livelihood projects of her , can sustain their daily needs and serve as income generating to their family.

5. Distribution of backyard vegetable seedlings and Seeds at San Guillermo, Isabela

We distributed assorted vegetable seedlings and seeds to RIC members of Brgy. San Francisco Norte, San Guillermo, Isabela thru their very supportive RIC Fed. President Ms. Merlie Pascual and Brgy. Captain Ms. Brendalyn Fontanilla as part of their bayanihan and plant, plant, plant program .

PROGRAM/PROJECT/ ACTIVITY	PROJECT DESCRIPTION	STATUS/REMARKS/ACCOMPLISHMENT
<b>VII. Farm Youth Development Services</b>		
1. Registration/formation and strengthening of 4H Club Organization	Organizational Strengthening and empowerment of Young Farmer ( 4H) as an active, functional and productive member of the family towards agricultural community development.	Consolidated submitted registration/enrolment of young farmer ( 4H ) in the municipality  Echague No. of Clubs- 1 Total membership- 22
2. Awarding of Cash Assistance for the winner of Best Project Proposal initiated by the Prov'l. Cooperative Dev't. Office.		<p>The 4H Club Federation of San Mateo, Isabela headed by their Pres. Mr. Jerrymar Rafael- received P 200, 000.00 as additional Cash assistance from the Prov'l. Government of Isabela thru Sir Ruben Pagayatan for being the winner of Best Project Proposal conducted last January 2021.</p>  

<p>3. Monitoring of Livelihood Support/Assistance Project</p>		<p>Supervised the Gulayan sa Paaralan project of 4H Club members of Gamu Central School, Gamu, Isabela with Ms. Auria Naleb- Principal presented their vegetable garden and vermi cast project .According to Mam Naleb the green house project of the school that was funded by ATI-RTC-02 will be establish on summer for this is the best time for planting vegetables</p> 																														
<p>4.
