Series of 2020

DATE : July 23, 2020
FOR : PCol. JAMES M. CIRPIRANO, PD-PNP

FROM : Hon. RODOLFO T. ALBANO III

RE : Strengthening Quarantine Checkpoints
CC : Highway Patrol Group Volunteer Task Force
c/o VICTOR DY – Task Force Head
: Provincial COVID-19 Task Force members

Reports reaching this office reveal that there are **NON-RESIDENTS** of the province who had been attempting to enter Isabela to conduct some businesses without any permit or clearance from the IATF, PCovid19TF, or component LGUs/LCEs and which does not belong to the categories of industries allowed to operate under Modified General Community Quarantine. **Gambling** operations, those businesses primarily for **leisure**, inter province tourism, LSIs without any travel and medical documents or any identification that they are residents of the province and all other businesses and industries falling under category IV not permitted by the revised MGCQ guidelines issued by the IATF should **NOT YET BE ALLOWED** to enter and operate or come home specially if without the LGUs'/LCEs' imprimatur.

You are therefore hereby enjoined to ensure that our quarantine checkpoints, especially in Cordon, Ramon, Quezon, San Agustin, Sta. Maria and San Pablo to **STRICTLY ENFORCE NO ENTRY POLICY** for these business operators even if they claim to be Authorized Persons Outside Residence (APOR) **UNLESS AND UNTIL** they have been cleared entry by the Provincial Task Force or the respective LGUs/LCEs where they operate/reside. A comprehensive review of documents and presented Identification Cards must be done at the checkpoint to ensure compliance with this directive. I have asked the Volunteer Task Force (VTF) of the HPG headed by VICTOR G. DY to assist your checkpoint teams in coordinating directly with provincial leadership and concerned LGUs/LCEs for any issues relative to the matter. The VTF-HPG together with the PNP shall escort those claiming to be merely passing through en route to another province.

For your strict compliance.
