EDITOR'S NOTE

Isabela Beyond Borders

In an era shaped by globalization and a growing web of connections, "**Isabela Beyond Borders**" carries profound meaning. Under the visionary leadership of Governor Rodito T. Albano III, the Provincial Government of Isabela embarked on a journey extending its impact far beyond provincial limits to leave an indelible mark on the national stage.

Governor Rodito's official visits to Mexico, Cuba, Japan, and Vietnam not only fortified diplomatic ties but also facilitated trade, agriculture and cultural exchanges.

Isabela's warm welcome to dignitaries from the United States, Britain, the European Union (EU) and China highlights its pivotal role in fostering international cooperation.

In January 2024, Governor Rodito joined President Ferdinand Marcos Jr. on a diplomatic mission to Vietnam to strengthen bilateral ties, concluding with the signing of Memorandum of Understanding (MOU) on Rice Trade Cooperation Agreement and Agriculture Cooperation.

As the Philippines' second-largest rice-producing province, Isabela sees the bilateral relations with Vietnam as an opportunity to enhance our agricultural capabilities, promote economic growth, and contribute to food security both within the province and across the country.

Isabela's global presence is further exemplified by three distinguished envoys from Isabela underscoring the far-reaching impact of the province in the international landscape. They are Ambassador Mylene Garcia Albano, spouse of Governor Rodito who represents the Philippines in Japan; Ambassador Bernard F. Dy, former City Mayor of Cauayan, now Philippine representative to the Swiss Confederation and Principality of Liechtenstein in Switzerland; and Silvestre Bello III, former Secretary of the Department of Labor and Employment, and now Chairman of the Manila Economic and Cultural Office (MECO) and Resident Representative to Taiwan.

Governor Rodito's second term as Chairman of the Regional Development Council for Cagayan Valley and new Chairman of Luzon Regional Development Committee (Luzon RDCOM) elevates him to a position to push for the holistic development not just of the Cagayan Valley Region but the entire Luzon Island.

Isabela's Rescuers also serve beyond borders. When disaster struck Barangay Cabuluan, Alcala, Cagayan, Isabela's PDRRMO swiftly delivered clean drinking water, saving lives. During the Mayon Volcano crisis in Albay, Isabela PDRRMO and PSWDO team delivered Isabela rice, bringing the staple food beyond its boundaries.

San Agustin Isabela's Municipal Agriculturist Smith O. Valdez now serves as the national president of the Philippine Association of Local Government Accountants (PhALGA) for 2023-2024, while our very own Provincial General Services Officer, Rodrigo T. Sawit, holds national presidency for the Philippine Association of General Services Officers, Inc. (PAGSO) until 2025, exemplifying Isabela's influence on the national stage.

"**Isabela Beyond Borders**" is a solemn commitment deeply embedded in Isabela's brand of governance.

BRIDGING BORDERS

FORGING GLOBAL COLLABORATIONS IN CUBA, MEXICO

Governor Rodito T. Albano III has redefined Isabela's provincial leadership landscape. His commitment to service transcends geographical confines and reaches far beyond local boundaries.

Teaming up with Governor Susan Yap of Tarlac, Gov. Rodito embarked on a series of trade missions to Cuba and Mexico, promoting international partnerships and solidifying his reputation as an advocate for global collaboration.

UNVEILING POTENTIAL PARTNERSHIPS IN CUBA

From March 19 to March 22, 2023, Gov. Albano, alongside Gov. Yap and their delegation, embarked on a successful trade mission to Cuba. Facilitated by the Philippine Embassy in Mexico, this mission was more than mere diplomacy; it was about forging trade connections.

In Cuba, conversations were sparked, exploring avenues of mutual interest such as trade and investment, agro-alimentary sectors, energy, public health, and people-to-people exchanges.

STRENGTHENING BILATERAL BONDS WITH MEXICO

Simultaneously, Governors Albano and Yap engaged in discussions with the

Mexican State of Jalisco from March 22 to March 24, 2023.

The meeting with the Secretary General of the Government of Jalisco, Enrique Ibarra Pedroza, presented promising opportunities for mutual trade and investment.

This paved the way for innovative economic development and solidified the partnership between Jalisco, Mexico and the Province of Isabela.

Academic and cultural exchanges were explored, fostering a more profound understanding between Jalisco and the Philippines and enhancing their shared global vision.

TOWARD A COLLABORATIVE FUTURE

Governors Albano and Yap's dedication to meaningful cooperation across

sectors like agriculture, economy, innovation, technology, culture, and education is unparalleled.

Their initiatives promise to be a blueprint for future bilateral collaborations. These proactive initiatives underscore the two provinces' unwavering commitment to nurturing international partnerships.

As the Philippines continues its ascent on the global stage, these missions serve as symbolic gateways to mutually beneficial collaborations, marking a significant stride toward a more interconnected world.

In Gov. Rodito Albano's vision, bridges are not just concrete and steel structures; they are conduits of understanding, peace, and progress, connecting nations and fostering a harmonious global community.

Governor Rodolfo T. Albano III and Governor Susan Yap led a trade mission to the State of Jalisco, Mexico in March 2023.

GOV. RODITO JOINS PRES. MARCOS JR. TO BOLSTER PH-VIETNAM STRATEGIC PARTNERSHIP IN AGRICULTURE

Gov. Rodito T. Albano III, accompanied by former Mayor Kervin Francis Uy of Burgos, Isabela, joined President Ferdinand "Bongbong" Marcos Jr.'s delegation during his official state visit to Vietnam on January 29 to 30, 2024.

Among the objectives of the visit was to strengthen bilateral relations and collaboration across various sectors, including maritime cooperation, defense, trade, agriculture, and culture.

As the Philippines' second-largest rice-producing province, Isabela stands at the forefront of the nation's agricultural landscape.

Agriculture Secretary Francisco T. Laurel Jr. highlighted the significance of partnerships between the Provincial Government of Isabela and the Department of Agriculture in enhancing rice production.

He emphasized the importance of integrating technology and implementing benchmark interventions, drawing inspiration from Vietnam's successful agricultural strategies.

RICE TRADE COOPERATION AGREEMENT

A significant milestone in the visit was the signing of the Rice Trade Cooperation Agreement between the Philippines and Vietnam.

Through a Memorandum of Understanding (MOU) signed on January 30, 2024, both nations affirmed their commitment to ensuring a sustainable food supply amidst

global challenges such as climate change and pandemics.

Under the MOU, Vietnam committed to supply 1.5 to 2 million metric tons of white rice annually to the Philippines, fostering stability in prices and availability.

Furthermore, the agreement facilitates the exchange of crucial information on policies, regulations, and other aspects of rice trade.

MOU ON AGRICULTURE COOPERATION

The MOU on Agriculture Cooperation marks a significant stride in deepening collaboration between the Philippines and Vietnam in various agricultural domains.

Encompassing 19 areas of cooperation, including high-value crops, livestock, aquaculture, and smart agriculture, the agreement sets the stage for comprehensive engagement in agricultural development and sustainability.

Through knowledge sharing, research, training, and expert exchanges, both

nations aim to harness each other's strengths to address common challenges and enhance agricultural productivity.

For the Province of Isabela, the bilateral relations on agriculture with Vietnam open avenues for technology exchange and transfer.

Isabela can learn from Vietnam's successful agricultural practices, particularly in rice production, and adopt relevant strategies to enhance its agricultural productivity.

Bilateral relations with Vietnam offer Isabela the chance to foster mutual growth and development in the agricultural sector.

By leveraging shared expertise and resources, Isabela can enhance its agricultural capabilities, promote economic growth, and contribute to food security both within the province and across the broader Philippines.

developments in your coordination with other agencies. I don't want any delay here," he said.

Magat Dam is the water source for the irrigation of 86,887 hectares of farmlands in Isabela province and a source of hydroelectric power generation.

Modernizing Agriculture: A PhilMech Initiative

DA-PhilMech Distributes P240-M Farm Machinery to Isabela Farmers

The Philippine Center for Postharvest Development and Mechanization (PhilMech) distributed state-of-the-art farm machinery under the Rice Competitiveness and Enhancement Program (RCEF) to 75 Farmers Cooperatives and Associations (FCAs), including PGI, LGU Alicia, and Cauayan City at the Isabela Sports Complex, Alibagu, City of Ilagan, Isabela on February 21, 2023.

With a total value of P240.18 million, these advanced farm equipment are poised to revolutionize Isabela's agricultural landscape, paving the way for a prosperous future for its farmers.

Under the RCEF, PhilMech distributed a range of cutting-edge farm machinery designed to enhance crop establishment, harvesting, and palay drying processes. These grants, funded by RCEF sources from 2021 and 2022, included rice combine harvesters, recirculating dryers, multi-stage rice mills, hand tractors, walk-behind transplanter, and riding-type transplanter.

A VISION FOR TOMORROW

PhilMech Interim Director for Operations Joel V. Dator reaffirmed the institution's commitment to sustaining the distribution of farm equipment to qualified FCAs/LGUs through the RCEF until 2024.

“Nais namin ang mga pinakabago, pinakamaganda, branded, at tunay na mapakikinabangan lamang na makinarya

ang umabot sa inyong mga samahan,” he emphasized, underscoring PhilMech's dedication to providing the best possible machinery to the farming communities.

Dator urged young farmers in Isabela to rally behind the Youth for Mechanization (Y4M) campaign, an initiative aimed at rebranding agriculture among the youth through the use of advanced farm machinery.

Meanwhile, DA Regional Executive Director Narciso Edillo encouraged farmers to adopt hybrid rice varieties to bolster production and shift from transplanting to direct seeding, a method proven to reduce labor costs in rice farming.

CHAMPIONING AGRICULTURE'S TRANSFORMATION

Senator Cynthia A. Villar, chair of the Senate Committee on Food and Agriculture and the main author of the Rice Tariffication Law (Republic Act 11203), wholeheartedly supported PhilMech during the machinery turnover event.

In her video message, she underscored the significance of the RCEF, a component of the Rice Tariffication Law that allocates P10 billion annually from rice import tariffs for six years.

Villar highlighted the importance of mechanization, which receives 50 percent of

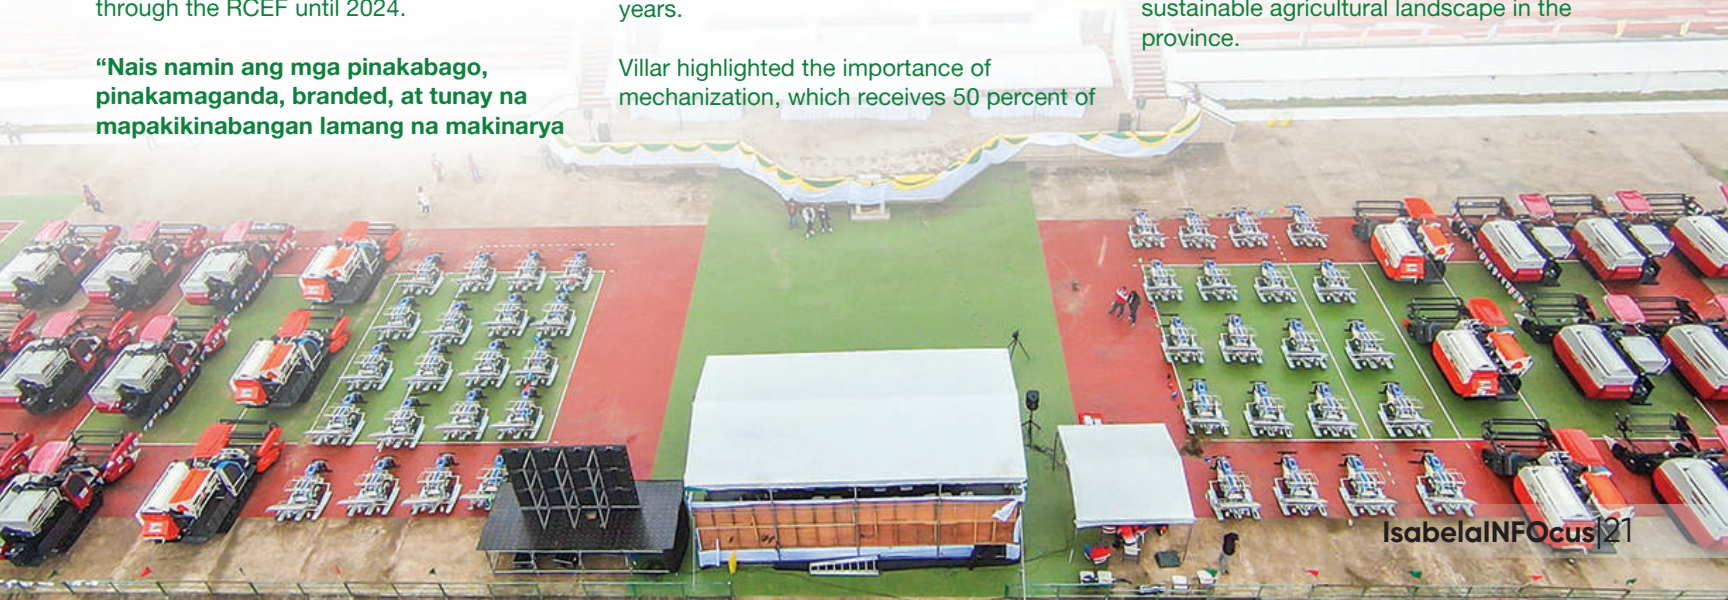

the RCEF allocation, in empowering farmers. **“Para sa machineries, ang Farmers' Cooperative and Associations ang bibigyan ng benepisyo ayon sa pangangailangan,”** she stressed. The senator urged farmers to unite and establish cooperatives, safeguarding their interests amidst agricultural liberalization.

Mechanization, according to Villar, stands as a cornerstone in empowering farmers.

“Mahalagang magawa natin mula sa ating binalangkas na batas ang para sa kapakanan ng ating mga maliliit na mga magsasaka upang makatulong tayo na umunlad ang kanilang buhay at ang kanilang kanayunan,” she concluded, emphasizing the importance of legislation in ensuring the prosperity of small-scale farmers.

With these advanced farm machines and the unwavering support of dedicated officials, Isabela's agricultural sector is poised for a transformative journey, ensuring a brighter, more prosperous future for its farmers and the entire community.

The allocation of P240.18 million worth of farm machinery marks a significant step towards a more efficient, productive, and sustainable agricultural landscape in the province.

Outgoing Sangguniang Kabataan Provincial Federation President Hon. Dax Paolo C. Binag delivered his State of the Youth Address (SOYA) in Cauayan City, September 26, enumerating the significant accomplishments of the youth sector in the province under his leadership in the last five years.

Binag emphasized that the collaborative efforts of youth leaders have paved the way for numerous opportunities to foster the growth and empowerment of Isabela's youth. Through a partnership with local government units, the youth sector mobilizes Isabela's young population to voice their concerns fearlessly, amplifying their impact on community development.

COUNCIL NAGKAISA

Binag reported that in 2018, the provincial government established the Provincial Local Youth Development Council, also known as Council NAGKAISA, which comprises 16 youth member-representatives from different youth and youth-serving organizations.

"The Council-NAGKAISA was a pioneering initiative and one of the country's first convened Youth Development Councils. This marked the beginning of our concerted efforts to empower and amplify the voice of the Isabeleño youth," he said.

PROVINCIAL YOUTH DEVELOPMENT PLAN

Binag also boasted the first-ever Provincial Youth Development Plan (PYDP).

"Matagumpay nating naisulong ang approval ng Provincial Youth Development Plan 2020-2022 ng Council NAGKAISA-PYDC sa Sangguniang Panlalawigan, making Isabela as one of the first LGUs to have an SP-adopted Local Youth Development Plan," he said.

ISABELA YOUTH CODE

Binag underscored that the existing youth code in the province was strengthened through Ordinance No. 2020-03-2 and that the Province of Isabela is among the first in Region 02 to have a comprehensive code for the youth.

"Kasama sa mga probisyon nito ang pagbuo at pagpapalakas ng Isabela Youth Development Council; ang mandatong pagdiriwang ng Buwan ng Kabataan tuwing Agosto; ang Gawad Ulirang Kabataan para sa pagkilala sa mga natatanging kabataan; ang Provincial Youth Summit para mapalakas ang pakikilahok ng kabataan; at ang pagbibigay ng tulong sa youth organizations sa pamamagitan ng Development Incentives for Thriving Organizations of Youth in Isabela (DIToy)," he said.

PERFECT SCORE IN SGLG EVALUATION

Binag also disclosed that the Provincial Youth Development Office achieved a perfect score (4/4) during the regional and national evaluation for the 2022 and 2023 Seal of Good Local Governance.

"Nakamit natin ang perfect score na 4/4 sa regional at national validation. This recognition highlighted the youth development initiatives in the province, underscoring the importance of prioritizing youth welfare and empowerment in governance," he said.

YOUTH ORGANIZATION REGISTRATION PROGRAM (YORP)

Binag said the PYDO successfully developed and strengthened youth organizations through the Youth Organization Registration Program (YORP).

"With zero recorded youth organizations in 2018, we now have 63 registered youth and youth-serving organizations through the YORP. We provided P700,000 worth of assistance to YORP-Registered Youth Organizations through

DIToy, further empowering them to impact their communities positively," he said.

SOLID YOUTH PARTICIPATION

Highlighting the spirit of youth volunteerism, Binag talked at length about the fruits of solid youth participation in the province.

"The fun run 'Takbo para sa E-Lib ni BRO' raised an impressive P1.1 million for the E-Lib ni BRO, which will benefit our Isabeleño learners," he said.

"Sa Reforestation Target Action: 1 Million Trees in 1 Day, dinala kami sa paanan ng Northern Sierra Madre noong 2019, kung saan matagumpay naming tinanim ang mga seedling para sa mas luntiang kinabukasan. Hindi maitatwa na ang aming pangako sa pangangalaga ng kalikasan ay nagpatuloy noong 2022 sa 1 Million Bamboo in 1 Day planting activity," he added.

Binag ended his speech by recognizing the collective efforts of the youth, the local government, and the private sector.

"Ang bawat tagumpay na nakamtan natin ay resulta ng sama-samang pagsisikap ng mga kabataan, ng pamahalaang lokal at ng pribadong sektor. Bunga ito ng inyong todo-suporta, pakikiisa at paninindigan," he said.
