Attendance and participation to Meetings/ Symposia

- a. Regular Monthly Municipal/City Agriculturist Meeting

To keep abreast of the programs/projects of the different government agencies for the development of agriculture sector.

Attendance to the special meeting of Municipal/City Agriculturists, PGI Department heads, and other partner agencies at Cabugao, Cauayan City, Isabela.

Collaborative Programs/ Projects

- a. Presidential Assistance to Farmers, Fisherfolk, and Families (PAFFF)

It aims to mitigate the effects of the prolonged dry spell caused by El Niño and provide much-needed relief to farmers and fishers whose livelihoods have been severely affected by climatic phenomenon.

The Presidential Assistance to Farmers, Fisherfolk and Families (PAFFF) of President Ferdinand R. Marcos, Jr., in partnership with the Provincial Government of Isabela, continues to help thousands of beneficiaries in the province of Isabela.

The OPA team assisted the distribution of Financial Assistance to farmer-recipients under the PAFFF program amounting to Php4,000 in the form of cash and 8kg of Isabela Rice.

Municipality	Farmer Beneficiaries

Technology Demonstration

- a. Sustainable Corn Production in Sloping Areas (SCoPSA)

Technology Demonstration project aims to control soil erosion in hilly/sloping areas cultivated to corn, following the SALT technology protocols.

Remarks: The implementation of the technology demonstration project on Sustainable Corn Production in Sloping Areas (SCoPSA) for the Dry Crop Season 2024-2025 aimed to introduce innovative farming techniques for corn production on sloping terrains. The municipality of Jones was chosen as the target site due to its vast rolling land areas ideal for cultivating corn.

Engr. Florante Leano, Municipal Agriculturist of Jones, Isabela highlighted a significant challenge—the persistent light rains caused by the Northeast Monsoon had affected the timing and feasibility of establishing the demonstration project, despite the municipality’s commitment to collaborating on the initiative.

As a result of the weather conditions, the project is no longer viable for this dry season as Engr. Leano projected that only 80 percent of the total physical corn planting area in Jones would be unplanted this season due to the current weather conditions.

- b. High Innovative Technology (HIT)

Technology Demonstration project promotes the “Double Row” planting method, use of jabber planter, BCAs, and fertilizer recommendation based on soil analysis—a development

Corn Production Enhancement Project (CPEP) under Corn Program of the Department of Agriculture Region 02

intervention to help farmers increase their production and income through cost reducing technology.

The Corn Production Enhancement Program (CPEP) is a program of the Department of Agriculture (DA) that aims to increase corn production per hectare by 3% annually. The program's goals include:

1. To increase income of corn farmers; and
2. To increase the availability of yellow and white corn for feed and food.

2,604 bags of GM corn seeds from the Corn Production Enhanced Project (CPEP) Fund and an additional 15,893 bags under the Seed Reserve Fund totaling of 18,497 bags, were allocated by the Department of Agriculture Regional Field Office No. 02 for rehabilitation of areas affected by El Niño, *TS Carina* and *TD Enteng*, and will be implemented this Dry Crop Season 2024-2025 in the province of Isabela.

Distribution of the Presidential Assistance for Farmers, Fisherfolk and Families

PAFFF is a government initiative designed to provide support and assistance to agriculture sector members and their families, who were severely affected by El Niño during Dry Crop Season 2023-2024.

Honorable Governor Rodito T. Albano and Vice Governor Faustino "Bojie" G. Dy III, led the continuation of the distribution of cash assistance and rice subsidies to farmers affected by the drought during the Dry Crop Season 2023-2024 in the municipalities of San Isidro, Echague, Alicia, Ramon, Cabagan, and Sto. Tomas, Isabela. The assistance is part of the Presidential Assistance to Farmers, Fisherfolk and Families (PAFFF) of the Office of the President which supports individuals who are affected by extreme calamities.

Gawad Saka 2025 of the Department of Agriculture

The Department of Agriculture's Gawad Saka program aims to recognize exceptional individuals and organizations who have made significant contributions to the development of the agricultural and fisheries sector.

The office assisted the following nominees—farmers, entrepreneurs, as well as institutions for evaluation of nominees at the provincial level, selecting the top entries to represent the province at the regional level.

Outstanding Corn Farmer Category: **Mr. Jonathan P. Crispin**, Sindun Maride, City of Ilagan, Isabela

Outstanding Agricultural Extension Worker Category: **Mr. Eduardo A. Osias**, LGU-San Manuel, Isabela

Outstanding Agricultural Entrepreneur Category: **Mr. Jose B. Morante**, LGU-Cabatuan, Isabela

Outstanding Provincial Local Government Unit Category: **Provincial Government of Isabela**

Attendance and participation to meetings/trainings/symposia

- a. Sta Maria Isabela Participatory Guarantee System Inc. (SMIPGSI)

Spearheaded by national and local agencies with programs and projects in agriculture.

Attended the launching of Sta Maria Isabela Participatory Guarantee System Inc. (SMIPGSI) on January 21, 2025 at Cabagan Convention Center, Cabagan, Isabela. The meeting was graced by the Municipal Mayor of Cabagan, Isabela, Hon. Christopher A. Mamauag, and was facilitated by Department of Extension and Training Services - ISU Cabagan (DETS-ISUC). The meeting was also attended by the ATI- RTC 02, OIC-Center Director, Dr. Claris M. Alaska, DA – RFO 02 – Organic Agriculture Program (OAP), Mr. George Caday and the DA-CVRC duly represented by Organic Focal Person of Isabela, Dr. Rickson Baldugo. The meeting was attended by all 38 members of the SMIPGSI and other organic practitioners from nearby municipalities of District I.

The meeting encouraged participants and guests to join the developing SMIPGSI group while promoting the need for new organic agriculture adopters. The Participatory Guarantee System (PGS), featuring messages of government support, member duties and responsibilities, and membership rewards, was presented prior to the actual meeting.

Regular programs and projects under the HVCC Development Program

- a. Special Joint Meeting

Attended and facilitated the Special Joint Meeting of C/MAFC and discussed the updates on EO No. 41 – Provincial Task Force on HVCC particularly on Mango, Banana, Cacao and Pineapple, the PGI’s Farmers Seasonal Agricultural Sector Development Exchange Program in South Korea, and Search for Outstanding Rice Farmer Hero.

The Governor envisioned to strengthen the HVCC industry in Isabela particularly Mango, Banana, Pineapple, and Cacao citing its potential economic development for the province. He also wants to address issues on unstable production practices, input and production costs, vulnerability to climate change, market opportunities for HVCs, and capacitate farmers to increase their income.

Also, the Provincial Government of Isabela opens application for the special exchange program. Only 200 (140 Male and 60 Female) farmer-interns will be selected for the deployment on March 2025 at Jinan County, South Korea. Requirements for the program were (1) applicant must be 30-40 years old, farmer, married with family (children), (2) must submit photocopies of passport (data page), Marriage contract (if legally marriage), Birth Certificate of children, and (3) must be a PhilHealth member.

b. Validation for the Regional Gawad Saka 2025

The objective of this award is to recognize the outstanding contributions of individuals and groups who demonstrated exemplary performance in the high value crops industry.

Validated the following farmer nominees for the Search for Regional Gawad Saka 2025.

Mr. Edgar M. Nicolas of Nicolas Integrated Farm, situated in Payac, Jones, Isabela, is nominated under the Outstanding High-Value Crops Farmer - Plantation Crops category.

He has 4.0 hectares of farmland entirely planted with high-value crops. Cacao, banana and bugnay trees are the principal crops grown in his farm. A portion of his farm area is also planted with vegetables and rambutan trees. Mr. Nicolas has won numerous recognitions and awards both domestically and internationally over the years, demonstrating the caliber of his goods, particularly in the cacao sector. Additionally, he has managed to established a stable market outside the province for his freshly grown bugnay and bananas.

Under the category of Outstanding HVCC Cluster is the **Aurora Vegetable Growers Association (AVGA)** from Bannagao, Aurora, Isabela.

Currently, there are 108 members with a total area of 75 hectares that are all devoted to HVCC crops. The AVGA was also one of the beneficiaries of the KADIWA hauling vehicle on 2022. During the visit, the team had an actual interview with the association president, Ms. Austalia Andres, and reviewed the presented documents for their scrapbook (i.e. Cluster organization list of active mebers, organizational charts, 5-year farm cluster developmet plan or action plan, detailed SWOT on the production system of the group, vision and mission statements of the cluster organization, strategy of the group, annual pyhsical and financial targets and major activities for the next 3-5 years and monitoring and assessment).

For Outstanding HVCC Vegetable Farmer Category is the Provincial Winner of Gawad Saka 2024 under the same category—**Mr. Eusebio Corpuz** also from Aurora, Isabela. He has a total of 3.0 hectares of farm and is fully utilized and solely dedicated to high value crops.

The nominee for the Outstanding HVCC Fruit Tree Farmer Category is also the Provincial Winner of Gawad Saka 2024 under the same category. **Mr. Darius Abad** also from Aurora, Isabela has a total of 4.8 hectares of farm land dedicated solely for Calamansi trees. He has established buyers from the province of Pangasinan and from their local trading post.

Mr. Joseph L. Laggui of SMIPGSI- AJL Integrated Farm I, situated in Villabuena, Sta Maria, Isabela, is nominated under the Outstanding Sugarcane Farmer category. He has 22.0 hectares of sugarcane intercrop with fruit bearing tree, assorted vegetable .

FISHERIES DEVELOPMENT PROGRAM AND SERVICES

PROGRAM/ PROJECT/ ACTIVITY	PROJECT DESCRIPTION	STATUS/REMARKS/ACCOMPLISHMENT												
<p>Volume of Provincial Fish Production</p>	<p>Consolidation of fish production report from various fishery resources (freshwater and marine).</p> <p>Operation and management of existing fishery facilities to support the province's requirements for fish stocks.</p>	<p align="center">Aquaculture Production Report (January 2025)</p> <table border="1" data-bbox="768 570 1563 799"> <tr> <td>Fishpond</td> <td>63.480 MT</td> </tr> <tr> <td>Fishcage</td> <td>14.651 MT</td> </tr> <tr> <td>SWIP</td> <td>13.306 MT</td> </tr> <tr> <td>CBWs</td> <td>60.788 MT</td> </tr> <tr> <td>Marine</td> <td>0.0685 MT</td> </tr> <tr> <td>Total Production</td> <td>152.91 MT</td> </tr> </table>	Fishpond	63.480 MT	Fishcage	14.651 MT	SWIP	13.306 MT	CBWs	60.788 MT	Marine	0.0685 MT	Total Production	152.91 MT
Fishpond	63.480 MT													
Fishcage	14.651 MT													
SWIP	13.306 MT													
CBWs	60.788 MT													
Marine	0.0685 MT													
Total Production	152.91 MT													
<p>Production Support Services</p> <p>a. Fisheries production and dispersal at San Pablo Freshwater Fish Farm, San Pablo, Isabela</p>	<p>Operation and management of existing fishery facilities to support the province's requirements for fish stocks</p>	<p>Maintenance of female and male breeders for breeding and dispersal is continuously being done. The staff also regularly conducting routinary farm activities such as:</p> <ul style="list-style-type: none"> • Draining of brood ponds; • Conditioning of breeders; • Inventory and selection of breeders; • Cleaning of farm surroundings; and • Feeding of stocks <div style="display: flex; flex-direction: column; align-items: center;">     </div>												

<p>Technology Demonstration Project</p>	<p>The project aims to showcase the technology of polyculture and semi-intensive culture of different aquaculture species in ponds for adoption by fisherfolk clients.</p>	<p>The on-site monitoring of the techno demo project was conducted at San Pablo, Isabela ensuring that the application of the technology is implemented.</p> 
<p>Support to other Agri- Fishery Programs and Projects</p> <p>a. Attendance to the Launching of HDPE Fishcages at Marannao, San Mateo, Isabela</p>	<p>It aims to revitalize the Tilapia industry in the locality. The HDPE cages are widely used because of the versatility of the materials used, its durability and resistance against typhoons, and its relative simplicity in the performance of various farming operations, boasting an extended life expectancy of over 30 years compared to traditional bamboo cages that can only last up to 1.5 years. These cages are expected to bridge the gap in fish production, especially during typhoons or natural disasters.</p> <p>High-Density Polyethylene (HDPE) fish cages are becoming increasingly popular for aquaculture due to their durability, resistance to environmental conditions, and relatively low maintenance requirements.</p>	<p>Attended the launching and official turnover of three (3) units High Density Poly Ethylene (HDPE) Fish cage in support to fisherfolk group of Marannao SWIP, San Mariano, Isabela.</p> <p>The three (3) units HDPE fish cages were awarded to members of Malaya Sustainable Agri Cooperative and V-8 Multi-Purpose Association for livelihood project.</p> <p>The HDPE fish cage projects were initially stocked with size # 14 tilapia fingerlings at 12,000 pieces per cage unit.</p> 

b. Attendance to One Town One Product (OTOP) and Agri-Fair at Cabagan, Isabela

Attendance to One Town One Product (OTOP) launching program and Agri-Trade Fair at Municipal Grounds Centro, Cabagan, Isabela. The OTOP and Agri-Trade Fair is a testament to the creativity, resilience and resourcefulness of local communities as it showcases a wide array of locally crafted products, agricultural innovations, and entrepreneurial ventures.

In attendance of the event were Regional Directors from DA-RFO2, Department of Tourism (DOT), Department of Trade and Industry (DTI) Agricultural Training Institute (ATI) Director, LGU Officials, PLGU and MLGU Staff, exhibitors and other stakeholders.

c. Distribution of Presidential Assistance to Farmers, Fisherfolk and Families (PAFFF)

The Presidential Assistance to Farmers, Fisherfolk and Families (PAFFF) of President Ferdinand R. Marcos, Jr. in partnership with the Provincial Government of Isabela continues to help thousands of beneficiaries in the province of Isabela. The PAFFF program aims to mitigate the effect of the prolonged dry spell caused by El Niño and provide much-needed relief to farmers and fishers whose livelihoods have been severely affected by climatic phenomenon.

The PAFFF financial aid distribution activity was spearheaded by the Hon. Governor Rodolfo T. Albano, III and among other officials from the Local Government Units of the municipalities. Each beneficiary received Php4,000.00 cash and 8 kg of rice, as government's support for affected farmers and fishers by the said natural disaster.

<p>d. Consultative Meeting regarding the development of Salt Industry in the Philippines at Dinapigue, Isabela on January 16, 2025</p>	<p>The purpose of the meeting is to collaboratively strategize the improvement of salt industry in the province.</p>	<p>Attended the Consultative Meeting regarding the development of Salt Industry in the Philippines, which was participated by the BFAR-R02, LGU Dinapigue, DTI, DOH, and stakeholders in the locality.</p> <p>Topics discussed included enhancing production techniques, ensuring quality control, promoting the local salt industry to global markets, addressing health and safety concerns, and creating policies that support sustainable development of the industry.</p> 
<p>2025 Regional Gawad Saka Search for Outstanding Agricultural Achievers</p> <p>a. Fish Culture Category</p> <p>b. Fish Capture Category</p>	<p>The Department of Agriculture launches the Search for Outstanding Fisherfolk- Aquaculture Award. The search shall give due recognition to outstanding fish farmers to sustain enthusiasm in the government's sustainable development and management efforts in fisheries.</p> <p>The Outstanding Fisherfolk in Fish Capture Award, aims to document and showcase municipal and small-scale commercial fishing as a competitive enterprise in line with sustainable fisheries.</p>	<p>Mr. Arnel R. Santiago of Brgy. Gaddanan, San Mateo, Isabela, 2021 Gawad Saka Provincial Winner for Outstanding Fisherfolk (Fish Culture Category) was nominated for the 2025 Regional Gawad Saka Search under the same category.</p>  <p><i>With Hon. Mayor Vicente Mendoza</i></p> <p>The staff assisted Mr. Ronald L. Dugo's entry in the Fish Capture Category of the Regional Gawad Saka 2025 competition. The assistance extended includes a validation process ensuring that the data submitted aligns with the actual accomplishments and practices of the nominee.</p>  

Monitoring of Fishery Projects

- a. Distribution of Fishing Gears (cast net)

The monitoring of the implemented project, "Distribution of Fishing Gear," which was distributed last year, aimed to assess the effectiveness of the provided environment-friendly fishing gears. These gears were distributed to fisherfolk to enhance their fishing activities, with the goal of maximizing their fish catch, and provide additional source of income and a steady food source.

The staff monitored recipients of Fishing Gears (Cast Net).

- b. Training on Fish Processing

Monitored fish processing project that involves tracking various aspects of the project to ensure it is progressing as planned and meeting its established objectives. Effective monitoring can help identify potential issues early and ensure that the quality, sustainability, and profitability of the fish processing activities are maintained.

- c. Fingerling Dispersal

Monitoring the distribution and progress of fingerlings provided to backyard fisherfolk in the province. The initiative was part of a livelihood assistance program aimed at supporting local fisherfolk in improving their income sources through sustainable aquaculture practices.

Bambanti Festival 2025

Co-chairperson of the Bambanti Agri-Ecotourism Village Committee

The Bambanti Agri-Ecotourism Exhibit and Sale aims to cultivate a more profound relationship between the local community and its visitors by providing an immersive experience that showcases the essence of Isabela's eco-tourism landscape and local products.

The office extended assistance during the conduct of the Bambanti Agri-Ecotourism Exhibit and Sale through the consolidation of sales report of the participating cities and municipalities.

Philippine Agricultural and Fisheries Council (PAFC)

c. First Quarter Operational Meeting and Planning Workshop

It aims to conceptualized priority policy recommendations to strengthen the AFCs and enhance their recognition for the positive contributions and impact they bring to local farming communities.

This activity was attended by Executive and Sectoral Committee Officers of RAFC, Chairpersons and Coordinators from PAFC/ICCAFC and MAFC/CAFC, AFC Station-based Focal Persons, RAFC Secretariat Coordinator, and Regional Executive Officer.

Highlighted the significant of the timely submission of accomplishments to facilitate efficient processing of reimbursement and claims for incentives, ensuring that all activities align with the planned schedule.

Regional Search for Gawad Saka 2025

To recognize exceptional individuals who have demonstrated exemplary performance and significant contributions in advancing agricultural practices, promoting innovation, and fostering sustainable development within their communities.

Assisted the nominees in obtaining an endorsement letter from the Office of the Provincial Agriculturist for the Regional Gawad Saka 2025.

Category	Nominee
