	<u>Indigents</u>		<u>Paying member</u>		<u>Total</u>	
	<u>Amount</u>	<u>%</u>	<u>Amount</u>	<u>%</u>	<u>Amount</u>	<u>%</u>
1. Availments per type of member	93,028	25.33 %	274,291	74.67%	367,319	100%
2. Number of Awailees	29,490	37.91%	48,300	62.09%	77,790	100 %

Note: not included availments to hospital maintained by the provincial government.

II. Qualitative Performance

- Isabela Provincial HealthCare Program is a made-in-Isabela approach in addressing the health care needs of the constituents of Isabela specially that segment of the population who can not afford a quality health care services.
- Dubbed as **“Libreng Gamot at Panggamot”** the program seeks to promote the prevention of mortality in the low and middle income residents of the province and promote the concept of health insurance funding by a Provincial Local Government Units (PLGU’s) and the participation of the Local Government Units (LGUs)
- HealthCare universal coverage in Isabela with sponsorship program for the poorest of the poor specially its chronically and acutely ill constituents.
- Improvement/upgrading and enhancement of provincial health facilities so as to be able to accommodate the influx of member-patient seeking needed health services, including working attitude of hospital personnel.

- Accreditation of private hospitals, clinics, laboratories as well as private medical specialists/consultants in providing health services boosts better referral system among health facilities and better relationship among public-private medical practitioners and health worker.
- As of December 31, 2017 . Total membership to the program stand to 185,604 at an average of five (5) beneficiaries per member, total coverage stand to 928,020 representing 58.24 % of the total population of Isabela of 1,593,566. Accreditation of private hospitals in the province and two (2) Department of Health (DOH) retained hospitals that supplements the services needed by patients that can not be extended by the hospitals maintained by the provincial government of Isabela
- One Hundred sixteen (116) medical practitioners with different field of specialization are with Memorandum of Agreement (MOA) with the provincial government of Isabela. Number of these medical specialist are rendering free consultation services at our district hospitals catering to indigents patients.
- The accreditation of private hospital and medical practitioners, open the opportunities for indigents experience quality health care services. A medical service which these indigents far fetch to experience in the absence of the Isabela Provincial HealthCare Program.
- Quality HealthCare services is now within the reach not only these indigents but also the whole constituents of Isabela thru the Isabela Provincial HealthCare via the accreditation of medical practitioners with different field of specialization and referrals to private accredited hospitals.
